

MONSTER MATES!

Create a Monster together! What will your Monster Mate look like?

PREPARATION

- A** Download and print copies of the “Monster Mates” worksheet for each student in your class.
- B** Provide students with pencils, markers or crayons.

ACTIVITY

- 1** Partner students up with each other.
 - Pro tip: use the ClassDojo group maker to randomly pair students
- 2** Discuss the importance of working together.
 - Why is it important to work together?
 - How can we ensure that we have a good partnership?
- 3** Let's get started!
 - Partner A will begin adding features to their monster. After 1 minute, Partner B will take over and add features to the monster. They will continue to trade off back and forth for 5 rounds (10 minutes total) or until their monster is complete.
 - Extension: If students finish and there is time left, students can write a story about the monster that they can share with the class after everyone is finished drawing.

MONSTER MATES!

DIRECTIONS

Find a partner to complete your monster with! Start adding features to your monster, and after 1 minute, switch papers. When another minute passes, switch papers again! Do this 5 times or until your monster is complete!
